## **Strategies for Learning Spellings**

Parents: In year 2, the types of spellings and spelling patterns that children are expected to know continues to increase. As well as further 'common exception words' (words that don't follow the usual rules but are used regularly), there is a whole series of spelling patterns and rules for children to learn. Teachers often find that getting children to learn spellings is one thing, but then getting them to use them in their everyday writing is another. All the more reason why children should practise their spellings in different ways and then be given the chance to use them in their writing. In addition, when a new spelling rule has been taught, children need to learn how to apply that rule to all words, not just a list they have been given to learn at home. If you wish to boost your child's spelling ability even further, encourage them to read, as exposure to lots of words will lead to a better understanding of spelling.

Here are some ideas for different ways to learn your spellings at home. Try one or two different ones each week and see which ones work best for you.

Keep Copying	Make the Headlines	Build a Pyramid
Write your words out three times each. Use different colours if you want to.	Cut letters out of newspapers or magazines and stick them onto paper to make the words in your list.	Make a pyramid using the letters in your words.

Take a Test	Picture This	Build a Sentence
Ask someone at home to test you by reading each word as you write it down. To make it more of a challenge, set a time limit, for example 20 seconds per word.	Include each of your words in a funny picture that makes you think of the word.	Write each of your words in a sentence. See if you can build your sentences into a story.
