Class Collective Worship

This week we had our first class Act of Collective Worship. Our theme was 'God's Wonderful World.' Inspired by the story of creation from the Book of Genesis we thought about how God had made the world to be treasured and cared for, and how we could do that.

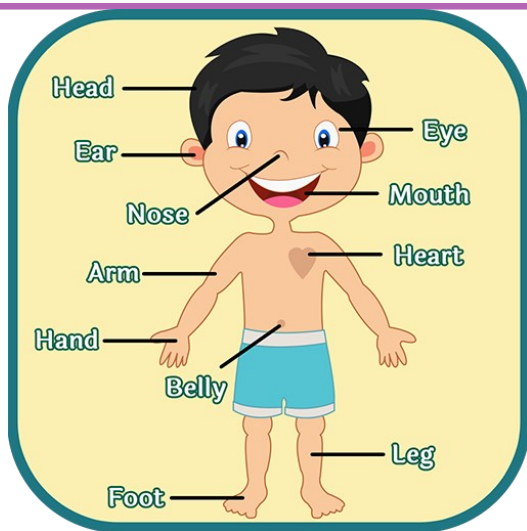

We started our Act of Collective Worship by dipping our fingers into a bowl of water and making the sign of the cross on our foreheads. Some of us then read about the Creation from the Bible, we all sang the song 'Who Put The Colours In The Rainbow' in response to our Scripture. We thought about how we could take care of, and look after God's world the way that He wanted us to. Our Mission then was to make a postcard showing something that God created, and to bring it home and tell somebody at home all about how God created the world and how we can look after it for Him.

Science

In Science this week we have started our new topic 'Animals, Including Humans.' For this half term we shall be investigating the 'human' aspect of this topic.

We began by trying to label the different parts of the body as a class. We then tried to do this by ourselves later on in the day.

Next week we shall be thinking about the senses of taste, sight and smell, and exploring if they affect each other. We will be doing some food tasting so please can you make me aware of any allergies via a message on Class Dojo. Thanks

Star of the Week

FREDDIE M

for using some amazing adjectives to describe the characters in Literacy this week

Well Done!

Homework

This week's homework involves some History research. The children have been thinking about their favourite toys in History. They now need to find out what your favourite toys were (and maybe even their grandparents favourite toys) when you were children. See if you can find them on the internet.

There is also a Story Time With Jesus linked to our Act of Collective Worship.
