## RSHE

This week in RSHE we began our work on the Financial element of this subject. This includes thinking about where we get money from and how we can use money wisely. We discovered that we get money from the jobs that we do when we are paid. We thought about the different jobs that we would like to do when we grown up, and we wrote about the skills that we might need to do these jobs.

## RE

We started our new RE topic this week all about change. Building on the work that the children did at home last Friday we thought about how we had changed since we were babies. We then moved on to think about how Ash Wednesday was the start of Lent, and how Lent is a time when people try to be more like Jesus in their thoughts and in their actions. Next week we shall think of how Lent can be a time of new beginnings.

## Maths

In Maths this week we have been thinking about length and height. We started by using the language 'taller,' 'shorter,' 'bigger' and 'smaller.' We then moved on to measuring items using different objects and seeing how many objects tall they were.

## Star of the Week

WALT

for some lovely writing about the job that he wants when he grows up.

Well Done!

## Homework

For this homework Mickey has a mindfulness challenge for you. Please just take this weekend to have a breather and enjoy something nice.

In Story Time with Jesus this week, you will hear a story from the Old Testament all about a man named Jonah.
